

Custom coverage to keep you creating.

## Protection designed with your business in mind.

In a deadline-driven printing business, your company handles a wide variety of jobs with precision and efficiency. But sometimes things don't go as planned. In those instances, Nationwide can help you manage common disruptions, like equipment breakdowns, to minimize your losses and keep business moving.

## Covering the unexpected.

Printers insurance from Nationwide protects your business when machinery or computers stop working. It also insures you in the event someone is injured at your facility, your work vehicles are damaged or for other related issues.

## Extend your protection.

### **CYBER LIABILITY INSURANCE:**

Provides options to help you quickly respond in the event of a data breach, including notifying customers and paying for financial damages.

### **EQUIPMENT BREAKDOWN:**

Covers some equipment or machinery if it breaks.

### **BUSINESS SERVICE PLUS:**

Offers additional coverages or increased limits for things like lock replacement, worldwide laptop coverage and unauthorized business card use.

## Setting the standard in business protection.

With Nationwide, these core coverages come standard.

### **PREMIER BUSINESSOWNERS LIABILITY INSURANCE:**

Helps cover medical and legal fees if, for example, a customer is injured in your facility.

### **PREMIER BUSINESSOWNERS PROPERTY INSURANCE:**

Helps cover buildings and inventory in the event of damage from wind, fire, hail or theft.

### **COMMERCIAL AUTO:**

Covers vehicles that are used for business purposes.
